2 Licensing Inquiries

0 New RFC Licenses Issued

1 New Trademark License Issued
- License back of IANA TMs to
IETF Trust from IETF IPMC

0 Legal new actions

One small step for the Internet, two new names for IPR at IETF

It's time for the IETF Trust to change its name....

- We tried (very, very hard) to keep the name IETF Trust post-restructuring
- "Trust" is too overloaded with meanings, especially in a legal sense

IETF Intellectual Property Management (IPM)

- used in process descriptions (e.g RFCs) and reports (like this one)

IETF Intellectual Property Management Corporation (IPMC)

- used in legal notices (e.g. copyright) , correspondence and taxes
